# Princess Baby, Night-Night

## Synopsis

Princess Baby is back! This sparkly yet sturdy board book is perfect for sleepy little princesses everywhere. It's bedtime, but Princess Baby isn't sleepy. "Time for bed," her parents call. "But I need one more minute, please," Princess Baby replies, again and again and again. After all, there is so much a princess baby needs to do. Pajamas need to be put on, toys need to be put away, the perfect book needs to be chosen, and her beloved subjects need to brush their teeth! It's a very busy time in Princess Baby's room. Young readers and listeners will want to climb into their own beds when our pint-sized heroine finally pulls up the covers and goes "night-night." Want more Princess Baby? Don't miss the original Princess Baby and Princess Baby on the Go!

## Book Information

Lexile Measure: 0250 (What's this?)

Grade Level: Preschool and up

## Customer Reviews

I'm pretty surprised that this book has received the rave reviews it has. I bought this for my 17 month old daughter because we are big Karen Katz fans. Her books always are simple, adorably illustrated, and captivating for my daughter. They also always (until now) model good behavior for children. My daughter has a very set bedtime routine, in which her father and/or I are very involved each night. She brushes her teeth, gets her sleepsack on, has story time, and then goes into her crib, quite easily, because she KNOWS the routine. In this book, "Princess Baby" is apparently a

child who runs wild a bedtime, and as her parents call to her from a completely different room, asking her if she is completing her bedtime tasks (brushing her teeth, washing her face, putting on her pajamas, etc.), she lies, and tells them that she is doing them. In fact, she is not doing any of the tasks, and is only playing with her dolls and stuffed animals (although she is, in fact, brushing THEIR teeth, and putting on THEIR pajamas). Finally, her absentee parents find her passed out on the floor in the middle of all her stuffed animals and dolls. Given that my daughter actually does what she is supposed to do at bedtime, and her father and I make sure she does, this is the last thing I want to read to her, to give her any idea that she should be doing anything other than what she does every night. The absentee parents bother me, but fine. And I understand that not all kids are easy to get to bed. But what I just can't get over is that "Princess Baby" is outright lying to her parents, and we're supposed to think it is cute, I guess. I don't. Big thumbs down on this one.

Just happened to read this book at a local bookstore last night, keep thinking about it and definitely am going back to buy - several! The whole concept of preparing for bed is always something of a negotiation. I found the concepts on Princess Baby's ideas absolutely Priceless! If your little ones seem to have all sorts of projects in mind at bedtime, and not at all quite what you had in mind, you will be touched and bemused at this little ones caring preoccupations. Truly wonderful book and illustrations!

This book is one of the go-to bed time books. I LOVE that it's princess themed without the cheesy or stereotypical girl themes. Also like that the story progresses into a girl slowly getting ready for bed. Highly recommend.

We love Karen Katz books and this is so cute and helps my daughter 16 months get ready for the steps of bedtime and gives me a big kiss at the end.. It's in our rotation of bedtimes books quite often! Cute illustrations and story. Love it!

This is a very special Karen Katz book. She captures the nuances of a 'naughty' little girl who is telling her parents that she is preparing for bed when in fact she has absolutely no interest in going to bed, because she is completely consumed with preparing all her stuffies for night-night. The book goes on until little girl herself falls asleep, and her loving parents are right there to kiss her good night. What's nice about this book is that it presents the element of humor to children in a way that they can understand and appreciate it. This is a very cute sweet story that children will love hearing

as much as their parents will love reading.

Sturdy board book for our one year old daughter. Each page has a short sentence on it- perfect length for a little girl who likes to rapidly turn to the next page to see the pictures. Very colorful.

I see both sides of this story...1) Princess Baby is telling lies to her parents to continue playing and avoid preparing for bed.2) Princess Baby is playing make believe with her toys and is responding to her parents from that perspective.For a one year old who doesn't quite understand the stories yet, I'm okay reading it to her occasionally; however, once she is older and understanding more, I probably won't want to read her this book and teach that it's okay to lie to her parents. I really liked the original Princess Baby book but am disappointed with this one.

This is a great bed time book. The pictures are cute and the story actually makes sense. I've noticed that some other books don't. My LO always sits still and listens while I'm reading this one. I would recommend this book for every princess.
