Publisher: Candlewick; Act Csm No edition (April 10, 2012)

Language: English

ISBN-10: 0763659088

ISBN-13: 978-0763659080

Product Dimensions: 8.1 x 0.1 x 7.9 inches

Shipping Weight: 2.1 ounces (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 stars [See all reviews](#) (17 customer reviews)

Best Sellers Rank: #453,558 in Books (See Top 100 in Books) #119 in [Books > Children's Books > Sports & Outdoors > Water Sports](#) #225 in [Books > Children's Books > Early Learning > Basic Concepts > Seasons](#) #5441 in [Books > Children's Books > Activities, Crafts & Games > Activity Books](#)

Age Range: 3 - 7 years

Grade Level: Preschool - 2

Customer Reviews

My kids have been Maisy fans for some time and even though they are getting older, they still love to see and hear about Maisy's adventures. On our trip to the beach I gave this book to my youngest to look through and of course the stickers were a great draw. The story was fun and interactive. The only thing I would have wished for were reusable stickers so that the book has an overall longer shelf life (at least when it comes to my kids). For me this was the biggest drawback. That being said, I had no qualms about the book itself and my kids enjoyed reading it, but the story does revolve around the placement of the stickers and once they are placed, there is not as much to do in the book. If the stickers had been removable, you would have had the chance to be able to have these sticker experiences over and over again, which my girls would have loved!

This book was more interactive than I had expected. Once we went through and placed all the stickers, I thought that would be the end of it, but our 2yr old loves going back to see where he placed them all and re-reading it has been a joy.

Lucy Cousins continues to make my little folks very happy. We do like Maisy a whole lot. It is fun to put the stickers in the book and then go back and look at the story. Maisy is just a good series of books, including the sticker books for little folks. It was fun to relate Maisy's beach trip to ours.

Like others in the Maisy series, this story is for pre-school toddlers who are old enough to play with stickers and help decorate the pages. The story "prompts" kids to put stickers in certain areas and places within the book. Perfect for little ones who like to really get "in" to the stories!

Purchased this for my 2 yr old and we loved putting the stickers on and reading the book. However the stickers REALLY stick so it's been hard to do them over and over again. We enjoy reading the book even though we can't do the stickers anymore.

I think the title probably says it all. I got this before a long drive on a beach trip figuring that it would entertain my daughter for hours. Unfortunately, once the stickers are on the page they are impossible to get off. and since the story is all about placing the stickers, once you put the stickers on the page it isn't as interesting as a regular maisy book. I love maisy, but I really wish I hadn't bought this. I would have been better off with the maisy goes on vacation book which has a better story that bears repeated rereadings. also, once you use the stickers you are left either with the empty sticker page in the middle of the book, or you have to remove it, which is very difficult to do without tearing the book.

If you are the parent of a young child, you probably know who Maisy is. She's a mouse with a duck, a squirrel, an elephant, and a crocodile for friends. Why the crocodile isn't trying to eat the others is beyond me, but that's life in Maisy's world. Both of my daughters love the Maisy books; there's something about their simple stories and colorful pictures that even appeals to adults. The books are short and easy to read. But, the stories are never obnoxiously simplistic, like so many other books for small children. Like most Maisy books, the story is simple and not long on plot. Maisy is at the beach styling in her swimsuit. But the added bonus for the kids are the stickers which somehow end up anywhere but where they are suppose to once the children get hold of them. Maisy remains

a winner with the preschool crowd.

We love the Maisy books and cartoon, however the stickers in this book were very hard to remove and most of them tore on the way out.
