# Squirrels On Skis (Beginner Books(R))

## Synopsis

This new Beginner Book about manic skiing squirrelsâby J. Hamilton Ray with illustrations by Pascal Lemaitreâhas the feeling of an old classic read-aloud. "Nobody knew how the mania grew. First there was one, and then there were two. Three more came gliding from under the trees. LOOK! On the hill. Those are squirrels on skis! Below lay the town, snow-covered and still. Not a sound could be heard. All was silent, until . . .âSwwishhhhâswooped the skiers, all dressed for play. Eighty-five squirrels and more on the way!" As you can imagine, the townsfolk are NOT amused. Can intrepid reporter Sally Sue Breeze find out where the squirrels are getting their skis-and make them stop skiing long enough to eat lunch-before pest-control guy Stanley Powers sucks them up in his vacuum device? (Don't worryâSally triumphs in a most unexpected way.) With delightfully understated, funny illustrations by Pascal Lemaitre, this is the perfect book for beginning readers to curl up and chill out with on a snow dayâor any day!Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrationsâthat give clues to their meaning.

## Book Information

## Customer Reviews

My grandson loved the book and picked it up very quickly. With a little help he was able to read it and found it enjoyable. He loved being able to handle most of the words himself. A good choice for his age- six years old.

Never seen a squirrel on skis? Well, in this book you are going to see LOTS!"First there was one, and then there were two. Three more came gliding from under the trees." The unsuspecting town lay covered in snow and still. Not for long. Eighty five squirrels were now on their way! What a surprise for the townsfolk as they awoke! Squirrels on skis were everywhere with one even skiing down the church steeple! Now it must be said that they also got into some mischief, knocking over a garbage can and a snowman. What were the people to do about this pesty invasion? Someone suggested Mr. Powers, the pest control man but does Sally Powers have a better idea?This is definitely a book that could be described as silly BUT it is a fun read and the illustrations are cute. It's quite long so definitely value for money and has a nice ending.

My 3 year old just started skiing so I ordered this for Christmas. She loves it, I love it! Such a fun rhyming book! Would highly recommend it to anyone.

I thought this book was funny and very very exciting. Squirrels on Skis going sliding down the mountain and through people's legs are funny.

Great book, great illustrations. We first got it as a library book, but read it so many times we decided to buy it. Well worth the cost.

There are not many kids books about skiing, and this one is nicely silly.A very cute ending, I hope others enjoy also.

A rockin' and fun romp! Squirrels run amuck all over town. Fast paced good time for kids, adults and squirrels alike.

Have ordered this more than once, a good read with your kids or grandkids, well written and provides lots of laughs!
