Grade Level: 4 - 7

Customer Reviews

This is a book I have been waiting for. Learning how Susanna raised her children and her undying faith in God is the encouragement I need. What a great example she has been and her dedication proved thru her children.

This is an excellent book for anyone interested in John Wesley, the founder of Methodism, and/or his brother, Charles Wesley, who wrote thousands of hymns (many that are familiar to those of us in any Christian denomination). Susanna Wesley was their mother; therefore, I would highly recommend reading this book first - as an introduction to their remarkable family - and then following up with any of the excellent books about John or Charles.

Although there is quite a bit of historical material one cannot miss the deep spiritual impact of this account of Susanna and her family. After reading I felt motivated and have a new appreciation of the Wesley's and what they went through. Her complete faithful life was inspiring and we see what God can do with that kind of life centered on Him Bob Williams

Susanna Wesley was written in an interesting, enjoyable, and understandable way. It gave life to someone long gone, but you felt like she was someone you would like to know today.

Because Susannah Wesley was one incredible woman! The book filled in gaps in my understanding of her family, father's and husband's,

This is an interesting, well written book. It is easy to read and provides the best insights into the Wesleys that I have ever found.

Since I am a direct descendant of John and Charles Wesley, I have found information about Susanna, their mother, enlightening.

Susanna Wesley is my grandmother way down the line of ancestors and I wanted to know more about her and who I was named after
