Language: English

ISBN-10: 0448457059

ISBN-13: 978-0448457055

Product Dimensions: 7.2 x 0.3 x 8.1 inches

Shipping Weight: 7.2 ounces (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 stars [See all reviews](#) (55 customer reviews)

Best Sellers Rank: #80,093 in Books (See Top 100 in Books) #57 in [Books > Children's Books > Growing Up & Facts of Life > Health > Toilet Training](#) #2996 in [Books > Children's Books > Growing Up & Facts of Life > Family Life](#)

Age Range: 3 - 5 years

Grade Level: Preschool - Kindergarten

## Customer Reviews

My grandson loves this book. The pictures are the main fascination. I kind of wished it showed more than undies and got more to the heart of the matter; however, shortly after reading it, my not-quite 2-year-old grandson scooted his potty chair into the kitchen buck naked and said "go potty, big boy undies." So, I think this book actually does a fair job of inspiring a tot to want to wear the undies while also making the connection with the potty chair.

While potty training I read this to my son most nights. In it there's a "little brother" which is great because he has a little brother. He really enjoyed it. The only page that has material is the cover (not a touch and feel type book, tho looks that way from the cover). Doesn't need to be though- who wants to stroke underwear anyway? Lol

I bought this for my 2 1/2 year old son who had been potty training. He wasn't crazy about giving up his diapers and I was hoping this would help and it did. He LOVES this book! It's really cute and for the record is just about wearing undies and not potty training. I really like the story and think it's a

great book to get your kid excited about wearing undies. My only critique is that at the end it talks about the little boys baby brother and how one day he will wear undies just like him, it worked for us, I just changed it to little sister, but if your child doesn't have a younger sibling maybe just change it to cousin or something, so the end might not work for every family. If you're looking for a potty training book, I would suggest "potty" my son loves that book and we read it all the time.

A great book! Helped my son figure out how the whole potty thing works. He loves this book, and wants it read to him every night. One evening, after we took his diaper off, he ran over to the potty and peed out of the blue, and I think it is partly because of this book.

I like that it has a different texture underwear on the cover and is colorful! It keeps my son interested! Hard pages so he can't rip it.

I expected more from this good...More realistic potty situations like other potty books. I suppose it set of gets the point across. I would not have purchased it had I looked inside it on a shelf. However, that being said, my little one seems to like it.

My grandson had Daddy read this book the day it arrived and they started potty training that night. I am happy to say, they posted on FB last night that the little guy asked to go potty after dinner! Success!

This book is perfect for my toddler! He even has a little brother! He can relate to the character very well. When the little boy has an accident, my son picks out the new undies he wants him to wear on the next page. It is so cute!
