Something's Wrong With Cavity Sam! (Operation)

Synopsis

Cavity Sam is on his way to the emergency room; there's a frog stuck in his throat! But when the wacky doctors at the hospital go to operate, they end up finding more things wrong with him, like a Charlie Horse and butterflies in his stomach. And with a sheet of hilarious stickers, this is the perfect companion to everyone's favorite game!

Customer Reviews

I own a copy of this book that I didn't purchase from here, but I think it's pretty important to let folks know how cute this book is! It's simple, but clever, with iconic board game characters... what more could you want? Firstly, Hasbro... why did you change the Operation franchise so drastically... WHY... the general public (at least those who are over 14 years old) are so familiar with this version of Operation, and you were going in the right direction with making Cavity Sam into a children's book character... it had so much potential! This is coming from someone who used to be terrified of the game too, haha. It's good to see that this book is still around for purchasing-- Please support the classic Operation game and give this book a chance! Just google the new Operation game and you'll see why this is so important, haha.
