my small church suddenly needed it piano player. I ended up with the job even though I hadn't played the piano for over 20 years. I struggled with the hymns in the hymnal but eventually have gotten to where I can play most of them if I practice all week. However, I was looking for arrangements that were simple to pick up and beautiful when played in church for the offering. This book fit the bill. If you can play him out of the hymnal even though you might have to practice for a while, you'll be able to play these songs easily. The songs are also not as lengthy as I have seen in some books. This works well for me as it does not take very long to collect the offering. Also, if you are a more advanced player, you can easily jazz up the arrangements. I went to a music store and paid \$20 for this book.

I love the harmonies that He can get --even with the simplicity of the arrangements!

Hymns that are loved, written in beautiful music.

should be for the intermediate to the advanced.
