I really like this piano book. It's not for beginners, but probably too easy for advanced piano players. I'm starting over from when I was young. This songbook has beautiful religious/gospel songs in it. It's Easy Piano. the notes are nice and big, I like that. Yes, you have to flip pages, because with bigger notes they don't all go on one or two pages, but I have no problem with that. I can't play that fast anyway. Trying to work my way up. It has the left hand notes, or you can play using chords (which I don't know how to do, though that seems to be the new thing). I got this book because it has songs I like such as Amazing Grace, Peace in the Valley, In the Garden, How Great Thou Art, Blessed Assurance, many songs. There is one with a cute title I never heard of, you may have "God Said It, I Believe It, That Settles It". But there are other songs I've never heard, but there are so many songs in this book, I'm sure you will find what you like. I cannot remember if the songs are listed at the link to the book. Again, I wish all publishers would use 's "free take a look" where we can go in and see the Table of Contents and an example of the music notes, then we can decide if we think we can

play. I always order from - using "one-click". Quick and easy.

Good songs like Amazing Grace At Calvary At the Cross Because He Lives Til the storm passes by Do Lord Fill my cup Lord He touched me He's still working on me His Eye is on the Sparrow I feel like traveling on I just feel like something good is about to happen I saw the light I'd rather have Jesus I'll fly away In the garden In times like these It is no secret It took a miracle It's beginning to rain Just a closer walk with thee Just a little talk with Jesus Just over in the gloryland The King is coming The longer I serve him Part the waters Turn your radio on Unclouded day Victory in Jesus Upon this rock Why me Soon and very soon Send the light Precious Lord take my hand Part the waters Lord

This book has a great selection of hymns. If you are into gospel music, you'll find some real classics, from the old traditional songs to newer gospel music. The arrangements are quite simple, comparable to any hymnal I've ever played from, easily learned.

I bought this for the music and lyrics. It serves that purpose very well. I improvise piano, so do not really need anything but the melody and chords, which this book has. If you do not improvise and are looking for a very easy to play gospel book, this would be the one.

The Best Gospel Songs ever is a great book for piano. It is difficult enough to challenge a newbie to piano like me yet easy enough for me to play. Great selection of songs also.

I'm a new pianist (a few months' study) and some of these are beyond me, but the easier ones are within reach. There are some very pretty arrangements, and I was glad to see some of the older songs there. My mother who has played by ear forever and decided for her 80th birthday to learn to read notes, liked it so much she ordered for herself.

One of the best song books for me to use at church...at my level. Simple, but not too simple, with great arrangements. I can play them as a prelude or as a soloist because I have confidence that I can do them well, and people enjoy them.

I absolutely love this book, the songs are in very singable and playable keys. The arrangements are pretty chordal but there are some very pretty ones in here as well. I actually have checked this book out from the library a few times, and have already sung many of these songs at church as solos

before it was due back. Every time I checked it out I found a new favorite, so I finally decided just to buy it. The songs are at an intermediate level with chords added if you prefer to play the "cheater" way. My FAVORITE song in this book is "Surely the Presence" it has two lovely verses that somehow I've never seen before.
