## Customer Reviews

We use this in our church band. We bought one in each key, and the piano version. They are interchangeable. I am working with young music students, so I've had to add an extra part to compensate for their limited range. Still...very playable, and sounds nice when they play for church.

When I buy music for solo performance, I hope it will be a "true solo," meaning it can be played all alone. These songs require performance along with the CD tracks, canned music that I don't want backing me up. There are also huge rests where the canned music takes over. Not my idea of fun.

The selection of songs is perfect. Bought a trombone version for my son who plays a euphonium and an alto sax version for my daughter so they can play duets at church. They love it!

great to have
