I was thrilled to receive my copy of Mr. James' book at the beginning of this weekend, and have devoured its every page since then, unable to put it down! Wow! What a wake-up call for "this generation." As in all of his books, Terry James opens our eyes in his insightful take on current events, viewed through the lens of Bible prophecy. He prepares the reader for what is to come, what is currently happening, what has happened in the recent past, and does so while also encouraging "this generation." This is a must read for anyone and everyone who sees the darkness that is

currently enveloping the societies of the Christian and western world, and is wondering what all of that means to us, as a society, and especially...spiritually. This book is prophetic, in no uncertain terms, and should be disseminated to all people, but especially to younger people who have been misled by the secularization of the current culture. Graphic warning...there are several chapters that provide accounts of the occult and other such terrifying occurrences. I had to wait until daylight to read those passages. They were incredibly well researched, with evidence-based accounts, but may be upsetting to some. In fact...most. A great read, for those with the fortitude to face what is coming.

If you don't have your copy yet, DON'T WAIT ANY LONGER!!! Everyone needs to ready this book by Terry James. I've followed him for many years, and I truly believe God has given him a "supernatural" gift to give this gift "Rapture Ready... Or Not" to this generation. I ordered two, have already let two read it. I'm not an avid reader, but believe me, you'll have a hard time putting this one down. Talk about truth and reality in the world we live in today... Just get it!!!

Couldn't put it down! For all you weary God's warriors, this will encourage you to keep looking up!! Our redemption draws nearer and nearer!! Thanks Terry!! God bless you and hope to meet you and the Lord in the clouds sooner than we think or hope!!!

I'm not a book-reader. Aside from the Bible, I read maybe 1 book a year. I pre-ordered this book (which came with an instant download version) and wolfed it down in 3 days! (Usually takes me a month to read a book). I highly recommend this book - it is a great encouragement that we are very, very close to hearing the unmistakable voice of our Risen King shouting, "Come up here!"

If you have not ordered this book do it now! We always look forward to his Monday postings on Rapture Ready.com and this book did not disappoint. He is a gifted, brilliant writer and one day soon I hope to meet him. It is like Terry James says very close to the hour we all are waiting for. The best bible prophecy book I have read in a very long time. I could not put it down. This is my UPDATE from the posting above. I read this book TWICE. It has never been more important to buy and give out this book to others. I will be giving this copy to a new Christian that I recently became acquainted with and will buy another to do the same with. Something all of us who should do.

A VERY TIMELY book regarding the times we are in and their spiritual significance in relation to the

Rapture of the Church. You may not yet believe in a Rapture of the Church right now, but Mr. James puts enough 'proofs', scriptural proofs, that add to the validity of one and shows it has been taught and believed by even the early Church fathers and is NOT some current erroneous doctrine. If you are already a believer then I would urge you to read this book and then loan it out to anyone who is a Christian and doesn't believe in a Pre-Trib rapture, or to someone who is not a Christian and may be in need of some explanation of current world events in a way that honestly analyzes and expounds on these events from a biblical and scriptural perspective. The time is NOW to be about the Father's business. The time is NOW to heed the words of our Savior to 'watch and pray'!

It's a pleasure reading Terry's thoughts and insights on RaptureReady.com, and this latest book of his is just as compelling. Terry does an excellent job looking at today's world events, news headlines, and societal conditions through the lens of Bible prophecy, and explaining how those things relate to God's prophecies for the times we are currently living in. The book is meticulously well-researched and, frankly, eye-opening -- even for those familiar with end times prophecies. Ultimately, Terry presents the reader with a very clear, comprehensive, and easy-to-understand picture of where we are on God's prophetic timeline, and why this will be the generation that will see the Rapture (or not). This is a perfect book for experienced students in Bible prophecy, as well as those new to prophecy but eager to learn. Well done, Terry!

I am in the process of reading Terry's book the second time. When people ask me "why" we are in the mess we are in nationally and world-wide, I tell them get a copy of Terry James latest book....it explains it all. If you are looking for "why", read this book.
