A Tree Is Nice

Synopsis

Trees are beautiful. They fill up the sky. If you have a tree, you can climb up its trunk, roll in its leaves, or hang a swing from one of its limbs. Cows and babies can nap in the shade of a tree. Birds can make nests in the branches. A tree is good to have around. A tree is nice.

Book Information

Lexile Measure: 420L (What's this?)

Paperback: 32 pages

Publisher: HarperCollins; 1 edition (June 26, 1987)

Language: English

ISBN-10: 0064431479

ISBN-13: 978-0064431477

Product Dimensions: 6.2 x 0.1 x 11 inches

Shipping Weight: 3.5 ounces (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 stars [See all reviews](#) (47 customer reviews)

Best Sellers Rank: #23,722 in Books (See Top 100 in Books) #10 in [Books > Children's Books > Education & Reference > Science Studies > Nature > Forests & Trees](#) #41 in [Books > Children's Books > Education & Reference > Science Studies > Nature > Environment](#) #448 in [Books > Children's Books > Science, Nature & How It Works](#)

Age Range: 4 - 8 years

Grade Level: Kindergarten - 3

Customer Reviews

The best early readers are those that focus on a subject that a child can easily understand, use simple words, and have illustrations that perfectly capture the words. A Tree Is Nice easily passes those tests. The book is a Caldecott medal winner for its illustrations. The book explores all of the many benefits that trees bring us. They "fill up the sky," and "make everything beautiful." "Even if you have just one tree, it is nice too." The book goes on to describe the beauty of leaves, the fun of playing in them, and even bonfires with them in the fall when they are at their most beautiful. You can climb the tree, lean things up against the tree, enjoy the shade, be protected from winds, use the sticks for drawing in the sand, and hang swings and flower baskets in the branches. Trees make perfect backgrounds for picnics, too. My favorite part of the book is the section about planting a tree. Ms. Udry points out that you can put a tree in, and watch it grow. Then you can tell others that you planted it, and they will want to plant one, too. I remember planting some trees as a cub scout, and

revisiting them as a middle-aged man and taking great delight in seeing them become a large, leafy oasis in what had been a barren field. The illustrations are terrific. The book's designer has created a vertically elongated page shape that accentuates the graceful trunks of trees. Half of the illustrations are in color (using watercolors with inked outlines and details) and half in black-and-white. The choices for full color are good ones (fall leaves, being next to a house, and with a picnic). The pen and ink ones with grey washes are very poetic in their simplicity.
