Jim Henson's Storyteller: Witches (Jim Henson's The Storyteller)

Synopsis

Jim Henson's *The Storyteller* is a beloved celebration of fairy tales and folklore. After releasing a critically acclaimed graphic novel we're thrilled to share more of *The Storyteller*'s magic. In the spirit of Henson's inventive imagination, this hardcover collects four stories of witches and witchcraft from all over the world. Each story is told by a different writer and artist, exploring classic witch stories and fairy tales through an incredible blend of art styles and storytelling techniques, and taking full advantage of the visual medium.

Customer Reviews

First of all, I picked this up on a whim. I saw it at the library and grabbed it because it had Jim Henson's name on it without really knowing anything about it. Second, I won't say that this is necessarily better than the books I've been reviewing lately at 4/5. I enjoyed it immensely though and that's good enough for me. *Witches* is a collection of stories based on folk and fairy tales. Each of the four stories features a witch in some way and has a different writer. Some of these are adapted quite a bit from their original format because they are being told in a different medium. Despite the difficulty of adapting them, I thought they worked very well. The setting for the stories is varied, as is the artwork associated with each one. The illustrations are absolutely what enamored me about these stories. They are beautiful pieces that evoke multiple emotions. The different approach to the illustrations sets them apart in a great way. I'm not sure if it was purposeful, but each story seems to represent one of the four seasons. It's a subtle aspect to them that helps tie

them together, aside from the obvious witch connection. I would definitely read this one again.

This collection is an absolute must for any "Storyteller" fan. My favorite story of the bunch is #2, which I believe is about the snow witch. The book contains all 4 Witch stories, and each is distinctively drawn to the fashion of the story being told. Most comics cannot be read out loud but some of these stories lend themselves to that ability.... This is a beautiful collection of fairy tales, written and told in the fashion of the "storyteller." This book warms my heart and is among one of my favorites.

Good but was expecting writing rather than comic style

Excellent read
