Wiersbe Bible Commentary: The Complete New Testament Wiersbe puts the scripture in question in a context that helps you delve into it. He gives you background, defines the Greek, and helps you to understand what a passage is saying. I teach a Sunday School class and use other commentaries to help me understand. Using 3 different commentaries (Richards and McArthur) I find at times that the commentators have diverse opinions. That is when I return to Wiersbe's commentary and seek out the context, the history and the time in which the scripture was written. It has been a wonderful, eye-opening experience. Barbara S. Riley

As far as a resource tool for Bible study, I found this commentary to be the best that I have used. It gives a clear understanding of the Scriptures. It is excellent for the lay person or for clergy. I have used this in my studies as a primary resource for my Bible study.

Commentaries are absolutely essential for the serious bible student longing to hear and be transformed by God's beautiful voice. Pastor Wiersbe's commentary is outstanding.

Bought the Old Testament Volume early last year and have been slowly going through it. Now I am spotreading sections of the New Testament commentary as the need for research or background unfolds. This is my favorite pastoral commentator. The author provides plenty of background for context in easy to understand language. In addition, he provides clear interpretation of each passage along with common sense and practical application. Great for research, bible study, and preparing bible lessons. I recommend both volumes. TLee

Warren Wiersbe has a way of diving deep into scripture, making deep truths accessible and pastoring you all at the same time. This is a great commentary that gives it all: solid biblical observation, interpretation and application. I use his commentaries almost every time I preach. This volume in particular is great because you have the NT all in one place and you save money.

This commentary has changed my life and opened a whole new view of the Bible. It helps you understand the various author's points and gives you a history to back it all up with! The information in this book has blessed me beyond words! I highly recommend it to anyone wanting to study the Bible and gain a better understanding of its purpose. I love it!!! My Bible has a new companion!!

A great treasure in a Christian library. This is a commentary that will open passages to you as you read the scriptures. The book is well written and easy to understand. It is focused on the application of the Word to your daily Christian walk. I highly recommend this book.

This was exactly what I hoped it would be! Detailed yet easy to read with so much info. Makes my lead in discussion group much more interesting and a great plus...I received it in about 4 days!
