# The Panoramic Seer: Bringing The Prophetic Into The Healing Anointing

## Synopsis

The Applause of Heaven! Developing your spiritual eye and walking hand in hand with the supernaturally prophetic. "Somehow, I was instantly in Heaven; I knew the room I was standing in was directly adjacent to the throne room of the Father," writes author James Maloney. From this exciting experience, shared in the first chapter, to the thrilling conclusion, *The Panoramic Seer* reveals realms and realities that most Christians don't even know exist! Panorama is the seer's prophetic gifting that releases the miraculous. It is tied into five key elements: inheritance, humility, compassion, righteousness, and faith. These keys and much more are presented to you in a spiritually sensitive way "straight from the throne room of God." You will hear the applause of Heaven when you operate as a panoramic seer. The only way to cultivate that kind of relationship with Him is in the "secret place." *The Panoramic Seer* takes you to that special place and offers you the powerful Kingdom secrets that have sustained the move of God from generation to generation.

## Customer Reviews

I may be a little prejudiced going into this review, because I saw James Maloney at a conference in Ohio where God did miracles through him that would challenge you if I were to tell them here. If those miracles were not done in front of cameras and 600 witnesses I may have questioned them myself! But...*The Panoramic Seer* is a great book for all those wanting to see the unseen and move in the supernatural of God. These are the types of books I research and I review all the ones that

have merit and anointing so fellow seers and would be seers will know which books to read! Read this one!

It was a real joy reading this book. I read this from cover to cover in three sittings. The presence and peace of God flooded me as I read. The book explains a lot that I am still due to walk in and do in ministry. It is a great, insightful, detailed book that I can see myself returning to again and again. I don't write a review for all the books I read, I don't even finish a third of them, but I give this book high praise. Love, Matthew Robert Payne Author of The Prophetic Supernatural Experience and four other books

An excellent read, would highly recommend it. I am now reading for the 2nd time and will mark it up and take notes....

This book is indeed a blessing to the Seer in the Prophetic. There are so many gems in the Body of Christ. The Remnant's (Unknown) are coming in search of confirmation and validation in their calling. This book agreed with my spirit that the Kingdom of God is nigh within us. It brought increase, an upgrade that confirms growth and advancement. Thank you, Brother James Maloney. God Bless you. Minister Michele Francis/Seer

This book is an excellent resource for any Christian. It does discuss about being a Seer in the book, but the vast majority of the book is information valuable for all Christians. The author includes prophetic experiences, testimonies, anointing, and Sonship. He also spends time discussing humility, love, faith and the Holy Spirit. I recommend this book to every Christian. What James Maloney mentions about the Seer he explains easily for the average reader to understand. He does use some personalized terms and gives you the meaning right after.

This book touched me and acknowledged basic truths. It really was a book I could not put down. It answered some questions I had been pondering lately. Good book.

It is every believer's destiny to operate in the supernatural power of God. The Panoramic Seer by James Maloney is a hope-filled call for the reader to step into their destiny and a biblically accurate guide to get there. This book is a valuable resource on your journey to impact the world for the kingdom of heaven and to become all that you can become in life.

An amazing book a great practical tool for the devote disciple, all christians should read if they serious about the gifts of the spirit
