Santa's Cats: Christmas Adult Coloring Book

Synopsis

By the author of the popular "Cats & Quilts" coloring book, "Santa's Cats" is a Christmas coloring book that contains twenty four timeless, unique illustrations of cats and kittens getting into trouble, helping Santa and his elves as they prepare for the big day, and cuddling up with Jolly Old St Nick after an exhausting day in the workshop at the North Pole. Each picture is printed on one side of 60 lb pure white paper to minimize scoring and bleed-through, and appears in two sizes: large and half size (4"x6"), both suitable for framing when complete. We suggest using crayons and high quality colored pencils for the best results. Beginners can create beautiful pictures using solid colors while more advanced colorists can use the line art as guides to add their own inspired shading and detail. Santa's Cats makes the perfect Christmas gift for yourself or for a special loved one.

I love cats and I have Jason's other book, so I immediately ordered this one! I really like how the artist gives you the basic cat shape, and then you can fill in any colors to make it look like different breeds (see my sample). But the cats are all drawn anatomically correct, not cartoon like at all. Another nice feature that I haven't seen in any other coloring books (just his other book), is that each page is duplicated in 4x6" size in the back of the book. This allowed me to do the same page in two different types of cats. And the smaller one will be used to send as a Christmas card to my mother-in-law! This is the typical bright white paper in all the books published through 's Createspace printers. I like to use watercolor media, so I scan and print a page onto 110lb card

stock for some of them. I also add glitter to the ornaments with Stardust gelly clear glitter pens. There are lots of fun pictures in this book to color!

I love the Christmas holiday season. I love to decorate and I am going to love coloring in this wonderfully cute cat theme coloring book. I was involved with cat rescue in years past (fostering cats as needed), so there was always a few cats around at the holidays. I can attest that the designs that show the cats in and about the decorations are true to life. Those with Santa and the elves, well, you will have to judge those for yourself. The artist, Jason Hamilton, has provided another really outstanding cat coloring book. He has framed all of his designs which is something that I really appreciate. I like having the defined edge to a page so I am not left with half done elements and trying to figure out how to stop without a finishing point. It also saves a bunch on time and materials not to have to color the entire page. I will certainly look for more of Mr. Hamilton's books in the future. What is outstanding and unique about this coloring book (and Mr. Hamilton's other coloring book "Cats and Quilts") is that you are given full size coloring pages of each design as well as a 4 x 6 inch version. All of the designs are printed on one side of the paper (with the back left blank) though the smaller version are printed two to a page (with the back left blank.) All of the designs have blank space on all sides, so coloring into corners is not an issue with this book. The designs are printed on white non-perforated paper. The paper is medium weight and all markers and gel pens bleed through. Not a problem " I am now using a piece of chipboard under my work to keep ink from leaking through to ruin the design below. You can use heavyweight paper or card stock but be sure to check to see how many layers you need to keep it from leaking through. The binding of this book is glued rather than sewn or stapled. There is plenty of room to cut the page out if you wish. In summary, a really great Christmas coloring book for the cat enthusiast. This coloring book could have been improved by using perforated paper to make it easier to remove pages. Given that plenty of room was provided for making cuts, this was not a large problem. The paper quality could have been improved but by printing on one side, it is easy to slip a heavier weight paper behind the page being worked on to keep the ink from going any further.

This book is really nice. It is the typical coloring book size, images are printed in black on white paper on one side only. Every image has a cat and something to do with Christmas. There are cats sleeping next to gifts, a cat knocking over a Christmas tree, a cat dreaming of Santa and his reindeer. Each image is included twice; once as a full page and once as a half-size image meant for framing. I really like the artist's style. The cats are nicely drawn and don't look "cartoonish" like some

cats do. There is room to color the cats any color(s) you like. I used Sharpies (use a piece of paper behind your page to prevent bleed through), gel pens, and Prismacolor pencils, and they all work nicely on the paper. My only quibble is that I wish the paper was a bit thicker. It was a little thinner than I expected. If you like cats and/or Christmas, get this book! You can't go wrong.

Cute book. I am a cat lover, so this was perfect for me. The illustrations are done in real "coloring book style", if you know what I mean. Each page has cats and lots of detail. There are 24 images in the book. Cats everywhere! Nice paper. Images printed on one side of each page. Not perforated. This book is probably better done with colored pencils or markers of some kind. Not gel pens, though. At least in my opinion.

THIS BOOK MAKES YOU SAY AWWW ON EVERY PAGE CAUSE THE PICTURES ARE SOOOOOO ADORABLE. BUY THIS BOOK AND ENJOY EVERY PAGE. IT IS FANTASTIC. IT IS MY NEW FAVORITE COLORING BOOK. SO PRETTY SO LIFELIKE SO AWESOME!!!!

Just received my copy of this wonderful coloring book and I can't wait to begin! I've seen many Christmas-themed books in the stores, but none so purrfect as this one for someone who loves sitting beside a fire with their kitty on their lap! Holiday scenes with playful or snuggly kitties - nothing better! The designs are fun and well drawn - plenty of room for creative coloring as well as enjoying the scenes of the pictures themselves! This is a coloring book by a talented artist - have also gotten his Cats and Quilts which I love almost even more - and I cannot wait for his future books! FINALLY - adult coloring that isn't just mind-numbing patterns! Love it!

Gentle, fun pictures. The artist states that these were originally drawn for a friend of his undergoing chemotherapy. He is kind enough to provide a website with freebies from his other books. He encourages the colorist to make copies for their personal use until they are sure how they want to color it. On the website, detailed coloring instructions are given. He asks that if the pictures are posted, he is given credit.

This coloring book is adorable and hilarious. The paper is of good quality as well and I like that there are some smaller duplicates of the larger pictures in the back. I've colored two pages and they both came out well.
