Customer Reviews

so easy to say and yet we have a hard time getting what is ours. I like this booklet because it spells it out and reminds me exactly what to do , so my brain and emotions can't trick me into mentally agreeing to something I have not yet received, then a month goes by and no manifestation and you wonder what went wrong.You can know all about it but you won't get it until you know how to grab on and take hold. Faith is tricky because you have to believe you have what you do not yet see , but when you know that you know that you know....then it will be . I got healed recently of one of many ailments and the one I got.....I just knew I got it without any manifestation of it in the natural. I still have it . praise God. Now to work on the things I have not received yet. This little thirty page booklet is good to give to people who need a miracle and some hope to mix with their faith that is growing. Blessings, k

This very small book has a lot of interesting information inside about faith. It shows us how to TAKE everything back from the enemy....with the Word of God. This book spells it all out so simple that none of us should ever let the Devil steal anything from us ever again. I would definitely recommend this book :-)

This book by Kenneth W Hagin introduces once to the concept that 'Faith takes back what the devil's stolen'. If you think about it, God gave the earth to Adam. He placed Adam in paradise, which was the garden of Eden (Eden means paradise). Adam was very wealthy. The earth and the fullness thereof originally was given to man (Adam sounds like 'man' in the original Hebrew). Adam fell from a state of grace when he was expelled from the garden of Eden. But man was brought back to state of grace through Jesus Christ. Jesus even said the gates of hell shall not prevail.

There's so much we have not been taught about faith and how to obtain the many promises of God....This book brings clarity and builds confidence in who God is for us and all that He is willing to supply for our lives. Kenneth Hagin helps make the process of receiving more understandable. I appreciate the way he teaches, anyone who is willing to hear can obtain the promises . He is not just talking out of theory but a long life of faith to the glory of God! May all who read it...take hold of God's promises! HIS WILL BE DONE ON EARTH AS IN HEAVEN!

If you are a student of the Bible or just beginning to study scriptures you will love this book. Dr. Hagin writes in a straight forward, easy to understand fashion. I believe I own every book he has ever published and enjoy them all. If I were in a SHTF scenario his books would be a definite part of my bug-out kit as they help keep your faith strong even in the darkest hours. Excellent read!

Simple, direct and to the Point! With so much excessive verbiage in the body today it is refreshing to read a small concise book on what Jesus has given us by his sacrifice on the cross. Everything!

Tiny book but was very confirming, helpful and timely. Wish it had a little more depth of study but it was pointed enough to help. Hopefully will be able to update review soon with a backward look at how grasping these principles produced.

Do you really believe what the bible says or what you experienced and man has explained away? I know the word is true and i've read all the stuff against the man and his teachings but few if any of his critics have any Godly results....and lots of their own watered down versions of God's intent and results...good book. The integrity of God's word surpasses all critics of the messengers.
