"This Present Darkness". In Ashton, a doubting Thomas reporter and a troubled pastor conclude that their town is in the forefront of a holy war on earth. The side the tempted locals choose will have the edge. Fans of the forces of heaven vs. those of hell on battlefield earth with to the victors go the souls will appreciate this deep action-packed thriller."Piercing the Darkness". In Bacon's Corner, a factory worker with a dark history hides from her past until otherworldly events force her to look back to what haunts her. Demon driven law suits have risen as accusations and counter charges resound throughout the town with child abuse as its focus. However, the real war is at the local Christian school between angels and demons over the souls of the residents. This "Darkness" sequel is another powerful angel-demon war on battlefield earth."Prophet". Although his father constantly embarrassed the news anchor with his politically incorrect but piously principled beliefs; still he did not want his dad to die. To gain closure, the reporter needs the truth about the alleged accident, but that means breaking the first commandment of broadcasting that deception in support of a certain secular vision is required. Though radically different and not quite the action-packed thriller level of the two Darkness tales, this is a solid story centering on religious redemption at the cost of losing

material possessions and reputation. These three reprints placed in one package focus on a war for the soul of people. Though biased against a left wing perspectives, the novels lead readers to reconsider their relationships with God, family, and community. This three in one set makes a delightful holiday gift. This Present Darkness is an incredible book! The plot is gripping and thought provoking! The book is about the spiritual warfare that occurred in a small town when demons sought control of the town by influencing and inhabiting humans. The town's only chance of surviving was through the help of 2 newspaper employees, the prayers of a young pastor's small congregation, and the mighty warrior angels. I liked how Mr. Peretti illustrated the extreme good that can come from prayer. In the book, prayer strengthened many of the angels. I was also intrigued by the significant role that demons and angels play in this world. It had never occurred to me that demons have so much power and influence over the thoughts and actions of humans. I highly recommend this book for anyone seeking a deep and intriguing book. The Prophet was a powerful and thought provoking book that tackles a controversial issue. I was hooked from page one! The book is about an anchorman who does a little digging after his father's death and discovers a truth about the corrupt abortion business that the government and media go to great lengths to keep hidden. One of the major themes of this book is that despite a person's flaws, God can still use him in amazing ways.

I first read 'Piercing the Darkness' 14 years ago and it made such an impact on my life. I'm not a person to read a book more than once - but this book I have read over and over. Frank Peretti is everything you could possibly ask for in a writer... imaginative, intelligent, artistic, sincere... he is one of the GREAT ones. He helped open my eyes to understanding some of the things that have happened in my own, and my family's life. Not for those who want to walk through life with their eyes closed... and I suppose it was my time to have mine opened. Thanks Mr Peretti - you have been one of God's lifelines to me. I wish you all the very best.

This book is a must read for every Christian. It's thrilling narrative is indicative of what's really happening all around us. Just because you can't see it doesn't mean it's not real. Peretti is an awesome author and highly recommended.

Frank Peretti's books were recommended to me by our prayer group leader. All he said was something about "angels" and "spiritual warfare". Well, after having read these books, all I can say

is, "Wow!" For Christians who remember what St. Paul wrote about our struggles being not against flesh but against the powers and principalities and world rulers of this present darkness (Ephesians 6:12 will give you the direct quote), these books make sense and cause us to remember that our most potent weapon is prayer. And it gives us a new appreciation for the guardians that God has given us for our protection.

Frank Peretti has long been one of the leading lights in Christian fiction. This is a great 3 books in one edition and a great introduction to Peretti's world. This volume is comprised of some of Frank's best and most popular work: 'This Present Darkness', 'Piercing the Darkness', and 'Prophet'. Frank Peretti's books are thoroughly engaging and gripping and make you see the world in a different light. There is a strong emphasis on spiritual warfare and prayer. *If you enjoy these sorts of books and Christian fiction in general, you will also love the time travel adventure 'Godstone - The Kairos Boxes' by G.A Williams and 'Chosen Ones' by theologian Alister McGrath: Godstone - The Kairos Boxes Chosen Ones (Aedyn Chronicles, The)

These are the most superior books for a serious person interested in the way things really work. Parretti is a spectacular author and a great researcher. This is the 5th set I've given away. The last time I gave it away, she read the first book in 2 days! Would have read it straight through if it weren't for pesky work. I have read the first two 3 times. Great reads, good books.

Frank Peretti does it again! He captures the spiritual wars and battles so perfectly, it's as if he's standing there watching. If you need a spiritual boost and want an EXCITING story line, read these. AWESOME!
