## Customer Reviews

This book should be in every library in the south! Countless Libraries are chock full of foolish books about 'evolution' and 'gay marriage' yet this book languishes in an warehouse, not seeing the light of day. It is a fine book too, with beautiful illustrations and fine big print, easily read by lamplight, even through eye holes! Recommended too for those cold winter nights, by the fire. As close to the fire as you can get. That's it.....see those pretty glowing embers? So close...so beautiful...dont mind the smell...tis just the sin on your body retreating from the flame, dripping off you...yes.....sweet fire, thy embrace warms me

Wonderful book that honors Southern Heritage!

I work at a library in the rural south, and so wasn't terribly surprised when I saw this book come in, though I was wary of it. However, my opinion changed from unease to pure spite when I saw the page with the verse, F is for the flags Of the old Confederacy; And for Nathan Bedford Forrest A devil

to every Yankee!As Forrest was the first Grand Wizard of the KKK, he is not someone children should be taught to see as a hero.The book continues to present the Yankees as the bad guys and the confederates as people who simply "wanted Dixie to be free." It is an incredibly skewed and watered down presentation of the Civil War and not a book I would recommend for anyone to give to children.

Liked the rhyming stanzas but Pittman could have used some better choices for some letters. The illustrations make this book wonderful!

This is a fun and beautiful book that helps to introduce our children to their honorable heritage while learning the alphabet. I bought this for my 2 year old, who loves it, but I have found my 10 year old looking at it many times and it has sparked great questions from him about people, places and events, and our own Confederate heritage which he has always been interested in but the pictures in the book had him digging for more information. The review on here of 1 star given by the cultural Marxist indoctrinator who wishes to inflict the propaganda narrative of self hate and false guilt on our children is exactly why you should buy this book.
