A Kid's Life During The Middle Ages (How Kids Lived)

Synopsis

The Middle Ages wasn't just a time for knights, lords, and castles. Kids lived during this time, too, and this volume introduces readers to all aspects of their daily lives. Fans of historical fiction will delight in exploring the Middle Ages through the eyes of a child who lived during that time. The text covers family life, what kids wore and ate, how they were educated, and what games they played. Beautiful illustrations and modern-day photos aid readers in visualizing this era, while a glossary, index, and reference websites provide opportunities for additional learning.

Customer Reviews

The brief passages on what life in the Middle Ages was like are engaging enough for my 8-year-old and 5-year-old. I like that there is a young character woven throughout the book.

Bought this book for the fourth grade classroom where my daughter was teaching a unit on medieval. It seems to have been a real hit with the kids.

What a wonderful overview for younger students as they learn of long ago and far away!
