# Heavy Rain: How To Flood Your World With God's Transforming Power

## Synopsis

Practical Keys to Transforming the World around You In a world where evil dominates the headlines, we are often left wondering, Will good really triumph over evil? Or are we hurtling toward oblivion? It's here, during this very hour--when political chaos seems to reign and the media persecutes anyone who disagrees with them--that God is searching for men and women who long for an infusion of boldness that possesses their souls, who will take a stand and be a voice for the Kingdom. His vision for the future is not bleak, and he is readying a heavy rain of transformation and revival. Here is the guidance and inspiration you need to become a vessel that catches the downpour of the Spirit's rain--and helps release God's Kingdom like a flood.

I read a lot of books on theology. This book is in the top three most important books I have read. The other two on my list establish important doctrine that this book "Heavy Rain" lays out the long term vision for. If you are a fairly mature believer, you are solid in your identity in Christ and you are operating in the gifts of the Spirit, this book will be invaluable in helping you see and find your place in the Church, the world, and in history. This book will bring down deeply entrenched paradigms that have encumbered the Kingdom of God. A poverty mentality is a short-term mentality. Short term thinking has impoverished the Church spiritually, intellectually, and materially. All of creation is groaning for the sons and daughters of God to start living with a long term vision. This book is a giant leap forward in that direction.

When I first read Heavy Rain many years ago, I put it down - didn't agree with most of it! My husband and I went to London to visit our son and his family. For some reason I took the book I hadn't agreed with - Heavy Rain. I was woken up one night with the thought 'Read the section on David'. I knew that was in 'that book!' In the morning I picked Heavy Rain up and it opened where I had left it 'the section on David'. I read it and then re-read the whole book. And then again. I've read it at least three or four times. I have a hard copy and an eCopy. It's one of the most influential books I've read. It's so much one of my favourites. Amazing eye opener. A wonderful challenge ... !

This book, like all of Kris's books, is filled with infectious hope.

This is one of my favorite books. Read it first when it was called "How Heaven Invades Earth" before it was revised, expanded and the title was changed to "Heavy Rain". I was seriously impacted by the optimism that saturates Kris Vallotton's book. It felt like I got set free from this mental prison of thinking, "the world is getting worse...the end is near...blah, blah, blah." Got a box of books to give away to family and friends. Love it!!

Such a powerful now word unpacked so well by Kris Vulloton. I cannot begin to put into words how much this encouraged me to walk bravely and boldly into what God is calling me to do. This book is filled with hope and really helped to reassure me in confirmation that I'm hearing from the Lord well. I got a free chapter sent to me from his blog and that one chapter encouraged me so much I was compelled to read the entire book! Here is a paragraph for you: "I have decided to think for myself. I am not rebellious or independent, nor do I want to reinvent the wheel, so to speak. But I will not let Rush Limbaugh, Sean Hannity, Piers Morgan, Ed Schultz, Bill O'Reilly, or anyone else for that matter, think for me. It is not that I don't appreciate other people's opinions, I really do learn a lot from others. It's just that I'm no one else's puppet. I have been commanded to arise and shine, not arise and reflect ( IS 60:1) I have been called to be a voice not an echo.....I will not settle for becoming a cheap imitation of another instead of an original of myself..... On the other hand it is not my desire to become a maverick or a heretic who exchanges the solid foundation of time tested truth for the test tube of isolation. I will therefore allow the Holy Spirit to lead me, guide me , and correct me. I will submit to true leadership and remain moldable, teachable, humble. I will love passionately, live zealously, work wholeheartedly, laugh joyfully, and be completely spent at the end of my life. I will walk powerfully, pray unceasingly, give extravagantly and serve God with my whole

being. Just try to walk away without being stirred up, encouraged, and empowered with great revelation about how to flood your world with God's transforming power.

Kris' teachings are always uplifting and full of hope. He brings a fresh perspective to Christian living. I love how he seems to bring back an almost forgotten way to live an empowered life with Jesus.

This book is a great source of inspiration. It is like a good friend, who wakes you up with brilliant ideas, warm hugs and encouraging kisses. It is the book for those, who want to be changed to change the world. It is nutrition for the lions of God.

Fascinating book. I started out trying to highlight the "good parts" but realized I was just coloring the book yellow. This book is an eye-opener. Kris Vallotton hits the nail on the head. Again.
