Customer Reviews

1. Is this an in depth presentation? This book is divided into 23 short chapters, covering a broad range of topics. The essential elements of ground level (or personal) spiritual warfare are well presented. I would say that the book qualifies as a very good introduction. 2. To what extent does the author address current situations? In Mark's version of the great commission (Mark 16:15-18) Jesus said "And these signs will accompany those who believe: In my name they will drive out demons..." (Mark 16:17). Jesus made it clear that the discipling of the nations would go hand in hand with personal deliverance. Jesus is coming back for a spotless bride and the deliverance

ministry will be one of the things that prepares the bride. In chapter 4 the authors say the following:Deliverance is an essential part of the preparation of the bride of Christ - getting rid of "spots" and "wrinkles". Since the church for which Christ is coming is to be "holy and without blemish" we must agree that unclean spirits must be purged from our lives. They further go on to state (see Revelation 19:7) that this cleansing is the responsibility of the church. So in answering whether the author address current situations, I would give a resounding "Yes". This topic will stay current until the bride has indeed made herself ready. 3. Was there any new information? There was quite a bit of new information in this book. Here follows the chapters and the new information found in them:* Demonic manifestations (Ch 10). The different ways that demons manifest is fascination. The manifestation of the demon of death as well as the demon of worldly dancing was new information to me.
