The Complete Heretic's Guide To Western Religion, Book 1: The Mormons

Synopsis

The next time that squeaky clean pair of LDS elders comes knocking on your door, they're in for a surprise! Find out the secrets the Mormon Church would rather you didn't know (and for which they paid plenty of money to keep hushed up unsuccessfully!) In this first book of The Complete Heretic's Guide to World Religion series, historian and award-winning atheist author Dave Fitzgerald takes us behind the Salt Lake curtain for a glimpse at the Church of Jesus Christ of Latter Day Saints and answers your questions: Where did this multi-billion dollar tax-exempt corporation come from? Did Joseph Smith really sleep with all those women? Are the Mormons going to take over the whole world, and if so, is there any way to stop them? But that's not all! Learn about the bizarre, oxymoronic world of Mormon archeology and discover their strange beliefs - not just all the crazy stuff you already know, but all the truly twisted things you never even suspected - including the astounding shocking skeletons rattling around in the closet of the Mormon church hierarchy. Don't miss out on this fun, informative and painstakingly researched historical romp by the highly praised and award-winning author of Nailed: Ten Christian Myths that Show Jesus Never Existed at All. So when the missionaries show up on your doorstep, you'll have plenty to discuss with them.... Later days, Saints! The Complete Heretic's Guide to Western Religion. Because religion isn't just wrong. It's hilarious.

Book Information

Audible Audio Edition

Listening Length: 8 hours and 34 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Dogma Debate, LLC

Audible.com Release Date: June 11, 2013

ASIN: B00DCDBC4A

Best Sellers Rank: #214 in Books > Religion & Spirituality > Atheism #348 in Books > Christian Books & Bibles > Christian Denominations & Sects > Mormonism #1487 in Books > Audible Audiobooks > Religion & Spirituality > Christianity

Customer Reviews

David Fitzgerald's style of writing is light, engaging and enthralling to read. His research is extensive, accurate, interestingly integrated into a compelling sequence, succinctly related and

never ever boring. As an exMormon (forty-three years a member) and author of five books in 'The Mormon Delusion' series, I know a thing or two about the truth behind the Mormon hoax. My final analysis of David Fitzgerald's 'The Mormons', is that it more than captures the most important aspects concerning the truth that any inquirer would ever need to know, in one simple fun-to-read volume. As I know a lot about Mormonism, I didn't really expect to learn anything new to me - but I was delighted that I actually did, and I loved reading every word. Fitzgerald covers not just Mormon history, doctrine, schisms and insurmountable problems that apologists simply cannot rationalise, but also how some supposedly faithful members behave today. I was amazed to discover how many Mormons, including several Bishops, particularly in Utah, have been jailed or are awaiting trial for running massive investment scams or Ponzi schemes, defrauding hundreds of fellow Mormons out of hundreds of millions of dollars; and how the Church, most unusually, refunded hundreds of thousands of dollars paid in tithing by one perpetrator, presumably to assist in repaying duped investors. It seems the Mormon Church is not short of a few criminals - or plenty of gullible members. But that was just an interesting aside to all the factual evidence against Joseph Smith and his hoax. I enjoyed the way Fitzgerald so eloquently covered each aspect in his work. It was a refreshing change to many other books on the subject of Mormonism - vibrant and entertaining from beginning to end.
