Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

Okay, maybe I was a little disappointed in the small size but everything else is just perfect. Every page in the Old Testament and New Testament has a short verse in rhyme that reads the significance of a particular person in the bible. It's short and right to the point! The illustrations are beautiful and the pages are good quality. If there was a board book version, I would have bought this for my 13 month old son a lot sooner. This is his actual "first" bible and I'm including it in his Easter basket. Would also make an excellent Baptism gift.

I purchased one of these for my grandson and was tickled to death with it when it arrived. I liked it so well, I immediately ordered another one for my other grandson (his little brother). Most baby's bibles are simply small regular bibles with tiny print, some just have the New Testament. Those are nice little keepsakes, but I don't consider them practical for actual use. Babies have notoriously short attention spans. This thin little bible is perfect for reading to a little one and introducing them to the Word without overwhelming them. You could call it a summary of bible highlights. Starting with God creating light and moving through to the NT, each page has a short one or two line rhyme that

describes an important point in the bible with a charming illustration on the facing page.

HIS FIRST BIBLE is a beautifully-illustrated story book for baby's first introduction to the Bible. One four-line verse per page, with a colorful picture, is a wonderful way for a small child to meet well-known Bible personalities. It is appropriate for the very youngest child and must be read aloud.

Bought for my son (15 months) since he's starting out with words it'll be good addition. He listens attentively when he's read. The inside has a nice simple look and the size of the book is just right.

I have bought 3 of these to give as baby gifts. They are the perfect size, and have a place in the front to write the baby's name, birthdate, and who it's from. I love giving these to my friends! A keepsake forever

I love this "LITTLE" His First Bible. It is much smaller than picture looks however perfect for little hands. It is 96 pages for ages 2-5 and measures 4.4 x 0.5 x 6.3 inches I bought both the His and Hers for our twin grand babies that are due soon as a shower gift so they "Begin to hide God's word in his and Her heart "It includes 19 Old Testament and 22 New Testament easy to read pages with colorful illustrations. Perfect to get little ones on right path with little held bible teaching the way.

I really expected to love this little (and it's little) book based on the reviews I read, but I am actually considering returning it. It's a beautifully illustrated little book and I continue to reread it hoping I can convince myself to give it to my great-nephew for his Baptism, but I just find the sweet little rhyming sentences to make no sense to a little one. I suppose you can say that it 'plants a seed' as I read from another reviewer, but I don't see that. Before purchase, I had read the first couple of pages that allowed me to preview and I thought ok, that is sweet ("God spoke to the night 'Let there be light!' And all the world grew sunny and bright"). But then it just jumps on through with pages such as, "Rebekah did her part God knew she was smart. She gave the camels water And won Isaac's heart." or "A coat of bright colors Angered the brothers, For Jacob loved Joseph More than the others." ... then it jumps onto another chapter and so on. I get it that it is supposed to be only an 'introduction' to the bible, but these words mean nothing to a child and as the adult, I would find it difficult to elaborate into words so that a child can understand. I guess I just expected more of a simplification of God's creation and love for his children (words that comfort a child). I don't want to recommend that you not purchase it. It's just that in my opinion, it will not make any sense at all to a

child or make him wonder/ponder about it ever. I even read this book to my husband and he actually disliked it. He said it makes no sense.His First Bible

This was a great gift for my son and nephews on their baptism days. The print and written language is very easy for now toddlers to read and understand. Pictures are simple and sweet! I would definitely buy this in the future for family or friends children.
