Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

Great little prayers for toddlers and based on scripture. Loved most of the images except the one about scaring a girl with a spider (which was on the page about asking God to help them not to do wrong things on purpose). I just felt the collection could use some additional prayers: 1. the Lord's prayer or a simplified version, 2. grace for meals, 3. prayer for people to come to know God, and 4. prayer to ask God to heal the sick. The book was mostly focused on God and oneself... focused kids on things to work on like not doing bad things that hurt others and treating parents right. Some of the focus on self focused on doing good for others, but nothing was just praying FOR others. I did

like that there were prayers at the end for special days like mother's day and thanksgiving. I actually wish the book had a table of contents to find prayers for particular events quickly like hard day or being sick etc. Overall, a good first prayer book for little ones. Definitely happy with my purchase.

This book was helpful in introducing the concept of prayer into my young toddler's daily routine. The book is charmingly presented in a fashion where both the guiding parent and the learning child can appreciate its content.

I bought this book for my daughters as a way to show them that praying to God is NOT about solely memorizing and reciting predetermined prayers. This book offers prayers based on Bible verses, but uses kid language to talk about things that are at the heart of kids: the strengths and weaknesses of their day and part of being human. So, the kids learn to ask for what they need and thank God for what they have. My goal with the book is to use it as an introduction to prayer life so that my girls know they can just "talk" to God in their own words any time they want about anything! I believe this book offers that perfect springboard. The book was such a hit that my oldest daughter hid it in her room so that her little sister could not "have" it. I ended up buying a second copy so that each would have their own special book. I also plan on buying an additional copy for my God-daughter as a baptismal gift. Of course, if you are looking for a book with traditional and familiar prayers that address mealtime and bedtime prayers specifically, this is not the book you seek! However, there are simple prayers at the back of the book that deal with Christmas, Easter, the first day of school, birthdays, a family trip, and more.

I really think this is a treasure for young children, up to 8-9 years of age. It teaches children such important, life-long messages. To pray to God or Jesus every single day of their lives! Creating habits with children that God and His Son- Jesus, is the most important part of our lives. It also is magnificent about having children learn to pray about everything that we have to be grateful for each day of our lives. I love how they are written very simply. Children learn that he is with us always and everywhere. The messages are great. I also love the beautiful pictures. The person who does the pictures for the Little Blessings books is A+ and should receive praise for her work. The combination of the beautiful pictures with the sweet, simple prayers make these books truly amazing.

Prayers for Little Hearts (Little Blessings) is just the right compact size for little hands to hold during

your nightly bedtime routine. My 6 year old loves it so much, that I just purchased a second copy for our 2 year old. This little book is full of simple but meaningful prayers that help parents plant seeds of faith in the hearts of their children. What a great complement to our child's prayer time!

The most adorable illustrations of all the Bible story books I've bought. I've been buying this series of books for several years. This series of books got my granddaughters' attention with its relevant discussions of the topics at their level of understanding. I love reading it on my own too. Adults would benefit from understanding the simple truths of God's word through the Little Blessings books. Book is sturdy perfect for little hands.

My 19 month old loves this little book of prayers. It is pretty long, and she will sit in my lap while I read the entire thing. It is a very sweet book.

This is a sweet book of very short prayers that are based on simplified Bible verses. A sample prayer is "Dear God, keep me from doing wrong things on purpose. I want my words and thoughts to always please you. In Jesus' name, Amen." It is a nice book so I give it 4 stars. Unfortunately, I was hoping for a volume that would include bedtime prayers and mealtime grace, and this book has neither.
