Customer Reviews

This is a wonderful collection of 63 Bible and Sunday school songs. This has all the old classics I remember from childhood, like "Zaccheaus was a wee little man," "Father Abraham," and "Deep and wide." I play this often for my children, and they love it. Full of wonderful songs, it is a good investment for my children.

This CD contains over 60 songs....but unfortunately, they're not all complete songs. Many of them are under 30 seconds (a single sentence or few brief sentences of a song), and many more are under a minute. The 'songs' are also very fast-paced (which makes it harder to understand the words) - and again, I'd like to reiterate, not full songs. Just as my kids start to sing along, the song is over. I would love to find a CD like this with all of the complete songs on it.

I learned all the books of the bible as a little girl by listening to this. I love the songs and now I've bought it for my daughters.

I bought several of this Wee Sing collection (Book & CD package). First of all, the packaging is great. The product picture here doesn't do it justice. I thought I'm going to receive some cheap-looking book with a CD included, but instead, the book is actually really really nice, the CD comes inside a very nice colorful CD case with flap closure, and all these come inside a reclosable plastic packaging. The illustration and colors are so vibrant and fun - I'm going to proudly display my Wee Sing collection at the very front of my children's books & CDs bookcase. The inside of the book is sepia color, not black and white. It looks really nice. It has the lyrics to all the songs and even some pictures of fingerplay that usually accompanies the song. My favourite part is the notes, so I can play the songs on my piano while my toddler sings along. This is a very nicely done book! This particular package - Wee Sing Bible Songs - has a total of 63 songs. The songs are about 30 seconds long to just under 3 minutes. Very simple songs for children to sing-along with. All traditional Sunday School songs, I remember singing them when I was little! It is such a joy to hear these songs again, and teaching them to my children! All the songs are sung by children, not some adults trying to sound fun singing children songs. Some of the songs are not really a song, just a poem with fingerplay that's usually taught in Sunday School. This is an awesome collection and I would highly recommend it to anyone looking for some good old traditional Sunday School songs.

I've been teaching music for many years and I have piles of music books and CD's. I often come back to my Wee Sing books because of the simplicity and because they very often contain the songs that I am looking for. If you were to buy one book to teach to young children about God this would be it. I recommend all of the Wee Sing books to those who want to teach.

We are using this CD with our Awana class at church. The other teachers and I were looking for a song that would teach the old and new testament books. Wee Sing has a song for each and the children love them.

Wee Sing is an excellent book and CD of children's bible songs. The book has very simple tunes to play on the piano or guitar. I also have the Christmas one, and I love it also!

These are wonderful, classic songs -- and an excellent value. The song book is adorable, and we use it every morning for our Bible time at breakfast. I will probably end up passing the CD on to someone else, though, as it is difficult to listen to. The kids' voices are painfully flat on a few

numbers. There is also a jarring and unnecessary rock beat in some of the songs. Maybe an effort to be modern and updated? We much prefer the Patch the Pirate Sunday School Songs CDs.
