# A Day At The Seashore (Little Golden Book)

## Synopsis

A classic Little Golden Book with a summertime theme! Nancy and Timmy hop out of their beds one summer morning and help pack their swimsuits and lunch. And then it's off to the seashore! In a charming rhyme, this Little Golden Book from 1951 (then titled *A Day at the Beach*) describes what preschoolers will find there: "You can catch little crabs if you're quick! You can draw great big pictures right on the beach with a piece of a shell or a stick." Oh, what fun! From Kathryn and Byron Jackson, authors of the popular Little Golden Book *The Saggy Baggy Elephant*, and Corinne Malvern, illustrator of the Little Golden Books *Doctor Dan the Bandage Man* and *Nurse Nancy*.

## Book Information

Series: Little Golden Book

Hardcover: 24 pages

Publisher: Golden Books; First Edition edition (May 11, 2010)

Language: English

ISBN-10: 9780375854255

ISBN-13: 978-0375854255

ASIN: 0375854258

Product Dimensions: 6.6 x 0.2 x 8 inches

Shipping Weight: 4.8 ounces (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 stars See all reviews (92 customer reviews)

Age Range: 3 - 7 years

Grade Level: Preschool - 2

## Customer Reviews

Super cute illustrations, but the experience described in going to the beach is really outdated (understandably). It was interesting to see the mid-century version of a day at the beach, but I was surprised how many differences there are between that and my daughter's vacation experience, which we were seeking to relive in book form :) Unless these things are a "West Coast" thing. Here's the plot: The kids wake up and hurry downstairs to eat breakfast, after putting their "sun suits" on. The kids, parents and puppy take the bus to the beach. They get to the beach and stop at the stand to buy buckets and toys. They go to the changing rooms and change into their bathing

suits  
Play on the beach - draw with sticks, chase crabs, etc, timeless activities  
The little girl holds onto a rope in the ocean anchored by stakes, so she can kick in the waves safely  
Mom calls them for a picnic and they "are hungry as bears, they eat and eat and eat!" The end. Clunky ending, you'd think for all the detail they described they'd watch the sunset and go home, its funny that the big result of their beach day is "we worked up an appetite for cookies and oranges in wax paper!"  
I recommend Seashore Baby for little toddlers, it has flaps. We do love this book, but I do a lot of paraphrasing.

I can see why other reviewers are smitten by this book, as am I. I bought this to read to my two little girls this summer in preparation for the beach, they loved it and were so inspired by the various ideas they got from the two adorable kids featured in the book . It is beautifully illustrated, sweetly worded and a sweet innocent classic.

One of the great vintage Golden Books! My 11-month-old wants to read this over and over. We got her a few books about the beach so that she would know what to expect on her first vacation, and I think it worked. This one is the perfect length and has nice sing-songy rhyming text for toddlers.

Obviously these little golden books classics speak for themselves... The same stories my parents read to me, same great illustrations... i bought several Of these books to tear the pages out and make a bunting for a book themed baby shower

This book brings back beautiful memories of raising our children, protecting them from harm, encouraging their joyous inquisitiveness. Something so simple as a day at the beach becomes a time of wonder and education for our little ones. This book captures the salty air, the chatter of happy children, the rush of the waves hitting the shore then whooshing back out to sea. Lovely book - classic beauty.

I bought this book for my five year old granddaughter, who shares my love of the shore. The story is so cute, and the illustrations are beautiful. Takes me back to my childhood!

A really cute little book about two kids and their adventures at the seashore with their dog. Cute illustrations, fun text. My 4 year old son enjoyed reading this in anticipation of our own beach vacation.

I vividly remembered this book from when I was a child reading my mom's well-loved copy. Glad I could get a new version so my children won't tear Mom's to bits! My toddler loves the book. Nice rhyming and cadence.
