Bleach, Vol. 66

Synopsis

Ichigo Kurosaki never asked for the ability to see ghosts--he was born with the gift. When his family is attacked by a Hollow--a malevolent lost soul--Ichigo becomes a Soul Reaper, dedicating his life to protecting the innocent and helping the tortured spirits themselves find peace. Find out why Tite Kubo's Bleach has become an international manga smash-hit! Hitsugaya and Mayuri join the action as the war between the Soul Reapers and the Quincies continues. Meanwhile, Yhwach enters Reiokyu and faces off against the royal palace's defenders, Squad Zero!

Book Information

Customer Reviews

The battle continues as Captain Mayuri proves once again that he is completely psycho - and probably the only one who can deal with the particular opponents he's facing. With this volume, things are never what they seem in all of the scenes as Kubo deftly weaves misdirections and subterfuges about the realities of several situations. Story: Hitsugaya and others have been 'zombified' at their deaths by Giselle. They make for a fearsome army against the still-living defenders - until Mayuri steps in. Turns out he has an answer for Giselle's unique powers - a very crazy, psychotic, but effective one. Meanwhile, Byakuya is up against Pepe - the love man who can influence any soul and control them (without their realization). But as with Giselle, Mayuri's total lack of heart and soul make him the perfect foil to help Byakuya. While they fight, Ichigo assembles his original team (minus Uryu, of course) and the zero squad are faced against the elite Quincies - each

with abilities perfectly matched to take out all obstacles. Or so they think....We're at the point now that the volumes are all non stop action - and since it is the final arc, familiar characters are being taken out right and left. More go down in this volume but it is also a tricky set of chapters since Kubo loves to switch up situations from what look like solid wins to big time losses. The action is happening at three levels: the focused elite Quincy assault inside, the chaotic battle outside with what's left of the Gotei 13, and Ichigo's small band including Yoruichi and Ganju mustering their forces. Chapters alternate between those three POVs. As captains, co-captains, and favorite characters fall, it will be interesting to see who survives at the end. Kubo rarely lets someone just up and die gracefully and finally - so we can watch the body count with interest. The battle scenes in this series are all about shifting realities - so we don't see interesting fight techniques so much as deaths - and then "or so you think..." rewinds. I'm hoping to see more straight battle action in upcoming chapters. Reviewed from an advance reader copy provided by the publisher.

For the next issue! It's nice that we got to see more of Ywache and that the zero squad is back.

Very fun volume

I love this series and look forward to the next volume. It was in great condition when I received it and made a great addition to the collection.

I love bleach I've been following it since it was first introduced, can't wait to order the next issue soon

Everything I expected from Bleach. This is why it's one of my all time favorite anime's.

My favorite Anime/Manga the story gets better every book.

For students at school
