Firstly, let me begin by stating that anything by Dr. Cindy Trimm is always amazing, she is one of the most articulate speakers and writers in the nations today. This book is a culmination of the three previous volumes on the rules of engagements as well an extensive and exorbitant amount of advice and wisdom concerning the Kingdom of God, The Kingdom of Darkness and prayer and spiritual warfare. If you have all of the other books, you NEED this one (in it she provides alot of information not contained within the other volumes (though they also contain alot of revelation) If you do not understand prayer and spiritual warfare then THIS IS THE BOOK for you. Within the pages of this book, Dr. Trimm will teach and train you to become a warrior and an indomitable force in prayer and spiritual warfare (I can testify that this is what happened to me) GET THIS BOOK, it is an EXCELLENT addition to your prayer arsenallexio :)

The Rules of Engagement "Rules of Engagement..." (September, 2008 edition) by Cindy Trimm was inspiring, informative, and beautifully written!!! Within days of reading and following her easy-to-follow directives, I began to experience positive ...rewarding changes in my financial life...my personal life...personal relationships and more! New personal potentials were discovered/realized...my physical/emotional energies revitalized! New and creative designs/ideas came into being! Positive outlook on my educational goals and plans re-energized/re-established! Now more spiritually-directed ...focused... enthusiastic...inspired...!!!!!! I SO enjoyed reading her book that I ordered TWELVE(12) more copies to give to family members ...friends...and a former pastor who is the midst of establishing a new church!!! I also ordered Cindy Trimm's "Commanding Your Morning" on the recommendation of a family member who stated..."I LOVE 'Commanding Your Morning' "!!!

This handbook is a 'must' for those who seek to receive deliverance from evil forces in the world. One is given the steps to releasing the power to fight evil. The prayers are well-versed. I would only recommend this book to mature Christians who have made their peace with the Lord.

This is a powerful book. If you want to increase your prayer life, learn how to take charge, do battle in the spiritual real, then this book is for you. I've read this book three years ago, and it has changed my life. This book is for those who seek a deeper walk and understanding of who they are in Christ. I have brought several copies of this book to give to my friends and once they began reading it, they would call me back and say WOW, I didn't know that I could pray like this, a boldness rose up in me. thanks sis.

The Rules of Engagement - 'Look and live' In my journey with the Lord, I have found this book to be an invaluable 'tool' for identifying whatever spirit is manifesting itself at any point in time. The wealth of information contained in this work is key in knowing how to utilise the right weapon at the correct time for successful conquest. Weapons you never dreamed of are being used against you every day to bring you down to an all time low. But when you are able to recognise both the spirit and its intent, you are able to bring Satan down to the sides of the pit. You can be encouraged in the fact that just as Moses was able to 'counter' Pharaoh, so too, you can counter Satan, since every lie has a parallel that is truth. Because people perish for lack of knowledge, the wealth gained from this

treatise is beneficial both for one's survival and quality of life. This 'tool' prepares you for battle by equipping you with the strategies and know-how's necessary to win and come out on top - 'when the dust settles we win!' It is my strong conviction that this tool should be used over and over again, until you become versed in recognising the tactics of the enemy. With the help of God in being alert and sensitive in the Holy Ghost, you become sharpened and quickened in the olfactory - to sniff-out the enemy in all facets of life, and to act appropriately with a counter weapon. I am convinced that a tool such as this - with strategy as its intent and love as its motive has to have been conceived in and birthed from the womb of one whose passionate love for human kind is clearly within its pages.

I had long-standing, career, personal and financial issues. I prayed about them for many years and never seen results. In fact, one specific issue became a cycle. A christian friend told me about "The rules of engagement". I read through the whole book in a weekend. I began doing the prayers faithfully everyday. Let me give an example of one change that happened. I work in a hostile environment, one of my co-worker's commented on how calm our "difficult" boss was for the last few weeks. Please! read the book.

This book is a TREMENDOUS WEAPON for your SPIRITUAL ARTILLERY. It give great instructions and illustrations for arming yourself for strategic spiritual warfare.
