# The Hebrew-Greek Key Word Study Bible: KJV Edition, Hardbound (Key Word Study Bibles)

## Synopsis

There are times when a Greek or Hebrew word has a distinct meaning that seriously affects the proper interpretation of Scripture. Unless you are familiar with these languages, you will not be able to determine what word in the original text was used or the differences between these words-until now. The Hebrew-Greek Key Word<sup>®</sup> Study Bible identifies the key words of the original languages and presents clear, precise explanations of their meaning and usage. Those who love God's Word will treasure this Bible, for it contains a whole library of biblical helps within its covers. **NOW INCLUDED\*** Wider Margins on Pages of the Bible Text\* Key Words in the Biblical Text Coded to A Strong's Numbers\* New Word Studies with AMG's Annotated Strong's Dictionaries\* Red Letter Edition of the Authorized Version, King James Bible **HARDBOUND**

ISBN-13: 978-0899577456

Product Dimensions: 7 x 2.8 x 9 inches

Shipping Weight: 4.6 pounds (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 stars [See all reviews](#) (145 customer reviews)

Best Sellers Rank: #44,675 in Books (See Top 100 in Books) #30 in [Books > Christian Books & Bibles > Bible Study & Reference > Language Studies](#) #409 in [Books > Christian Books & Bibles > Bibles](#) #564 in [Books > Christian Books & Bibles > Bible Study & Reference > Bible Study](#)

## Customer Reviews

This is probably the most useful study Bible I have. Having the Greek and Hebrew numbers right by the words in the text and the concordance and dictionary in the back makes digging deeper into God's Word so much easier. The grammatical guide to the New Testament words are a wonderful help as well. It allows you to get the truest sense of what the author was trying to convey. The book introductions and 'keys' are informative. There are many cross-references included that are helpful, too. The only reason I didn't give this Bible 5-stars is I am used to a Thompson and I think the paper quality, while not bad, is not equal to what I am used to. I've told several folks that if they every

combined this Bible with the Thompson (and it was made like the Thompson) you would have pretty near the perfect Study Bible.

I am currently writing a book about the names of God and am daily consulting this text. My older version wore out, but this updated version is even better than the previous one. I highly commend this in-depth resource to anyone seriously studying the Bible -- Old Testament, New Testament or both. Within the scriptures, selected words are coded to the Hebrew and the Greek Lexicons. The Lexicons are included at the back of the volume. More additional helps are also available in this new version. So, if your previous copy has worn thin or you have never owned a Hebrew-Greek Study Bible, this updated version is a "must have" for all avid Bible students! This text is a great gift for birthdays, Father's Day, Mother's Day, Christmas, Anniversary or "just because". PS, you do not need to read Hebrew or Greek language symbols to gain the meanings of the Hebrew and Greek words. Sincerely, Dianne Myers Haneke, PhD

If you are really serious about studying the Bible, I believe that this is a Bible that can help if you use it "religiously." As noted, it gives both Hebrew and Greek explanations and definitions. The key words in the text are numerically coded to James Strong's Exhaustive Concordance of the Bible (noted in the introduction). It has a Concordance of its own to the Old and New Testaments. It even has a guide to transliteration from Greek to English with modern pronunciation guidelines. I received this study Bible January 2011. So far, it has really helped me as I study God's Word. In fact, it is such a help that using it with The New Strong's Expanded Exhaustive Concordance of the Bible sometimes allows me to study only one verse during a study session because of the information, the underlined key words or phrases that may be studied further by looking up the corresponding numbers in the appropriate dictionary and or Concordance, the cross references, the italicized marginal notes, and much more. If you decide to buy it, use it. It can elevate your studying to a "higher" level.

I have enjoyed this Bible for study and devotional time. It has a stockpile of ways to research, for the studious and just for information. There would be only one issue I have, and that is the quality of paper of the pages. I like to write and mark in my Bibles, but I don't think I would advise it. Just the same, it is ideal for those who like to exhaust studies on topics!

The actual edition I have is the 1992 printing. At the time I was looking for a better and different

Bible than the Life Application Bible I owned. I stumbled on this Bible at the local Christian book store. I was new to Bible study but I had found out what a Strong's Concordance was and knew of the value. When I begin to look at this Bible I knew it was for me. I was thirsty for learning about God's Word and saw this type of Bible with a Strong's included would be great. I have used my bonded leather Bible until the cover was cracked and torn. A new puppy to the home decided to study it and tore a few pages and the cover. I was hurt and mad about this... I knew I must restore my Bible and I carefully repaired all of the pages. I had the same local store send my prize possession out to get a solid leather cover installed. It looked great but cost more than a brand new one but I could not give up years of notes and of it being my friend in my journey with the Lord. As for the format of this Bible, I can see why some would not like it if they were not serious students of the Word. I think many would like the explanations just handed to them in short sentences and this Bible offers little commentary, which is okay. The fact is, real Bible study requires study time (reading the Word) and prayer; then do it some more. If you want to learn more than the average student then you will have to start looking up and studying words in the original Hebrew and Greek. This Bible along with an inexpensive computerized Bible (easy way to find each word keyed to Strong's numbers) and a Vine's Word Study would be a great way to study God's Word. Only after you have done this may you carefully review commentaries. Highly recommended to the serious student, teacher or preacher.

This Bible is everything I was expecting. I definitely recommend this Bible to anyone interested in studying God's Word in original text.
