Caring Enough To Forgive: True Forgiveness

Synopsis

It sees the real focus of forgiving not in individualistic release from guilt and proof of goodness, but in inter-personal reconciliation, wholeness and life together in Christian community.

Customer Reviews

Caring Enough to Forgive/Caring Enough to Not Forgive. Here is an awesome, AWESOME Christian based, and very biblically sound book that EVERY Christian should read. It pointedly defines the differences between genuine and false forgiveness, and demonstrates how to forgive effectively, without causing or denying further hurt or resentment, and without "cooling" the relationship. A MUST PURCHASE FOR ANY CHRISTIAN SEEKING TO HAVE POSITIVE, PEACEFUL, HEALTHY, FLOWING RELATIONSHIPS WITH OTHERS.

Have you ever wanted to forgive but not been able to release? Have you ever not been forgiven? This book really guides you through the Christian steps and the frail human realities of wounded feelings and how to repair the damage. Most powerful are the examples when it's not right to forgive and why...

The advice inside is invaluable for couples and other people searching for common ground. The biblical references are helpful, but not required to get a sense of the skills one needs to acquire to become a better communicator. The three books used together ("Caring Enough to CONFRONT,

FORGIVE, AND HEAR" respectively, help you to know yourself and through that knowledge, reach out across the void to really know your partner and interact with your friends and colleagues in a healthy way. Sometimes the it feels repetitive as the examples and diagrams are reiterations of the text, but I suppose this help to reinforce the material. This book should really be called Caring enough NOT to forgive, so insightful.

This is a classic book on forgiveness--practical and realistic, not demanding a glib forgiveness that is impossible for major hurts that have been inflicted. Half of the book is Caring Enough to Forgive. If you turn the book over, the title is CARING ENOUGH NOT TO FORGIVE. that part is what I love best.

I purchased this book after reading a later book by Dr. Augsberger on the same subject. It's easy to see how the author has gone into deeper waters and has come out with a deeper understanding and he shares that with his readers. It is helpful for me as I compile lessons and teach on the very deep subject of forgiveness. It is a good starting point for anyone wanting clarity on the subject.

Great book but ouch you are faced with those things you have put off for so long. I have recommended and give this away as gifts to other hurting folks . It is well done and written in a gentel but direct way. It's intent is to feel the hurt but Ouch!

The book is a little 'heavy'. Takes time to absorb his ideas. The opposite side of the book, "Caring Enough Not to Forgive" is even harder to absorb quickly. Not a book to read in snatches.

Awesome !
