## Customer Reviews

My 8 year old daughter loves this series and I can't recommend them enough! She reads and reads and reads!! The book also addresses issues such as bullying etc so there is a message in them. If you are looking for something that will foster their love for reading, this may be a good option! My daughter loves mind-craft so this has been a natural fit for us. We bought kindle version

Love! Love! Love these books for my 8 year old. He has always struggled with reading and hasn't had the interest in any books before. I can believe how much his fluency has improved, he is flying through the series with such excitement and joy! He has finally connected with reading. Thank You!!!! Please keep publishing more books.

Took my 7 year old grandson on a 7 hour car trip. He had his video games, art supplies, & brand new minecraft book. Reading is not his favorite thing to do but chose to read his book first thing. He loved it, could hear him laughing in the back seat. As a rising 3rd grader it was an easy read, and he finished it pretty quickly but he would pick it up again & read a few pages all through the weeks vacation. He wants more books to read, music to this grandma's ears.

My son likens reading to corporal punishment, so I am always on the lookout for fun books that pique his interest in reading. As a Minecraft "zombie" himself, I just knew my sweet baby boy would relate to the trials and tribulations of the titular Zombie in this series. My adorable and brilliant cuddlebug devoured all of the presently-available installments and we are both now anxiously awaiting the next. (Seriously. Can't you just churn these out in groups of four or something, Mr. Zack Zombie?)

Omg so funny. Loved it when zombie and Jeff were trash talking. Also loved it when Zombie saw the "most scariest costume ever basically it rated R." I mean, a bumblebees? The way the author uses this is funny and very entertaining. Just read the whole series. Omg I recommend this to 9-12 yr old for the humor. Luv it!!!

My 8 yo son is not much of a reader but loves Minecraft. I was hoping that buying these books would get him more interested in reading and not so much of a fight when it comes to his 10 min reading that he has to do nightly for school. And this book has done the trick. My son will even ask to read a little longer sometimes because he is "at a good part." lol Would highly recommend for any young reader that likes Minecraft.

Oh man I was pumped now I know I am a little late sorry gut stuff you know. So I checked to see new stuff from Herobrine Books the viola new book. I was like finally because I waited a long time. So then I quickly got the book then it was saying in the reviews best series ever and I was confused. Then to realize this is the last book. I was sad. Herobrine books are amazing, fantastic, fabulous, and fantabulous. Man it takes me back when I got my first book from herobrine books man those were the days. But anyway why did the amazing series stop I am sad now. But I know you are busy man. But remember this. Never stop writing books. Anyway let's hit the last spoilers from this guy. Warning if you have not read the book are series you might go through confusion or rage. If you are

a elder please read the book 1st or may cause temporary blindness. So Zack Zombie is your typical zombie sort of... He has many similarities between humans but hey. Zack Zombie is like us he goes to school he plays video games and best of all he eats cake yum! so yup. He is friends with the main character Steve. BOOK PART. So Halloween is coming and Zack is HYPED. He wants have like the best party ever now that he is 13. Means more responsibility. Zack wants his party to be a scary Harry Potter theme He wants it to be epic. Thing is he cannot afford costume. So he goes to scary costume contest loses blah blah go read it almost 12 am must go to sleep. Sorry I am tired anyway dude we will never forget you. February to September had to end so quick to me. Sorry my review is not that fantabulous STAY FANTASTICLY FABULOUSLY FANTABULOUS
