This book is an excellent little collection of excerpts from some of A. W. Tozer's finest books. I am both amazed and brokenhearted at the fact that these were written about 50 years ago, and the problems he deals with have only gotten worse. The importance of the topics and their relevance to today's Christians make this a must read. The Holy Spirit moved to convict me through this book, and now I am wanting to study the whole of these works. Be prepared.

GEMS FROM TOZER is what the title suggests: a collection of gems from a man of God who was equal parts insightful, honest, and bold; all of it inspired. This collection is drawn from several of his better-known works and presents them to form a readable, relevant whole. These "gems" are crisp, authoritative, provocative pieces to challenge every believer. The most startling feature of these writings is their relevance and insight into the state of the world and the church. Page after page leaves the reader astonished that he wrote during the 1940's and 50's. They shout the headlines of today and serve as a prophetic warning to the body of Christ. They are also encouraging, insightful and powerful to the believer. Here are some examples: "Every man is as full of the Spirit as he wants to be." "Our prayers are only as powerful as our lives." "In the church of God two opposite dangers are to be recognized and avoided; they are a cold heart and hot head." "In ourselves

nothing; in God, everything."Tozer's landmark book was THE PURSUIT OF GOD, from which many gems have been unearthed. It is, in my opinion, a volume second only to the Bible in relevance, truth, and insight. GEMS will delight, increase faith, challenge, and encourage the reader.

This is a book you will treasure and re read many times. Great depth and you will see a new truth with each read. Keep this little book handy because you will be blessed with Tozer's spiritual understanding.

"Gems from Tozer" is a great way to read the best snippets from a lot of Tozer's other books. Whether you are a fan of Tozer, or have never read him, this is great reading.
