## Birdie's Big-Girl Hair (Birdie Series)

## Synopsis

It's time for Birdie's very first haircut, and the miniature fashionista yearns for more than just a simple trim. Should she choose an updo, a perm, or a ballerina bun? She looks through pictures, books, lots of magazines - even Mommy's yearbook - to find the best new look, and she and Mommy head to the salon. Her haircut looks fantastic, but begins to sag later on at the playground... because Birdie doesn't just love fashion - she likes to run and jump and play! In the end, Mommy reminds her that the most perfect Birdie look is the one that lets her be herself. Sujean Rim's beautiful watercolor and fabric collages will have fashionistas of every age giggling as she showcases Birdie with iconic hairstyles from decades past. Another delightful adventure in the Birdie series that offers a playful balance of fashion, fun, and heart!

## Customer Reviews

This is our first BIRDIES book and I have to say that it's really cute. The story is, as you would expect, about hair and hairstyles, and I think it would appeal to fans of Fancy Nancy and Pinkalicious. The artwork is very appealing, and the point that sometimes we can't look exactly like someone else, but that that is okay, is age appropriate. My favorite parts were Birdie dressed up and looking like like Farrah with flippy hair, and Audrey Hepburn with a classic chignon. My sample

audience seemed to focus on the strawberry pancakes. But it's all good.SUMMARYThanks to the publisher for introducing me to this series. BIRDIES BIG-GIRL HAIR is a fun book to share. It could be used to discuss what a visit to a salon is like, and even how to do research --Birdie looks through magazines and books to find ideas. When Birdies' hair gets messed up, I like that her mom explains that that's okay. That she is still beautiful.--from library

We call my daughter Birdie (its a nickname). We found these books after we picked her name. I wish they had the board book version of this as they do the others. Regardless, cute book, cute story, cute artwork!

I buy these books for my granddaughter, who is just three years old. Her parents have been reading to her since the very beginning. She is engaged in her reading sessions and anticipates them daily. She is showing the ability to read on her own now. .com and the children's books they offer are the most wonderful grandparent tool I have. I never wonder what to get for my favorite child--it's always a book or two. When my own children (her father and uncle) were small and it was time for discipline, theirs was they were not allowed to read at bedtime. They considered that serious punishment. My granddaughter will be well informed and diverse in her thinking because of her early interest in reading. Thank you .com. Ralph Spinelli

This book is part of a series of books featuring a preschooler named Birdie who is really fashion conscious. The other books in the series deal with dresses and shoes. In this book Birdie and her mom decide that Birdie's hair is becoming unmanageable; she needs a new hairdo. Mom promises to take her to the salon and encourages Birdie to look through magazines to find the just the right hairstyle. Birdie is frustrated; she even asks the opinions of all her friends. Finally, she finds her mom's yearbook and discovers just the right hairstyle. She goes to the salon and is pleased with the results until she realizes that the hairstyle does not make the person.Personally, I prefer books with strong female characters and a clear story line. This is a cute book for young children who are already fashion conscious. The artwork is well done for the toddler and preschool audience; illustrations are over sized and colorful. Little girls who like Barbie dolls and princesses will love this book.

My daughters LOVE all the Birdie's books and this is their new favorite-first to be picked come bedtime. The illustrations are beyond darling-the puppy and Birdies' classmates are precious and so

is the story. I especially love the bond Birdie and her Mommy have. A Great book for anyone who has little girls.

My 3 year old daughter has loved Birdie since she had her first cardboard book by Sujean Rim. The illustrations are adorable, and my daughter loves pretending her and other dogs are Birdie and Monster. Cannot wait until the next Birdie book comes out!

Wonderful illustrations, cute story, important lesson for all little girls. My granddaughter found it delightful. Boys, even younger ones, might not enjoy this book as much as girls.

So hard to top the original, or even the Dress, but we simply adore our Birdie books, and we're so happy to see all our fave characters back in action. Yay Birdie!
