Grade Level: Preschool - 3

Customer Reviews

My daughters (11, 8 and 6) enjoy this cute book! The sentences are more simple, but the words are big and challenging at times. Go with the "My First" I Can Read! books for emerging readers...the level 1 is for kids who can already read well.

My four year old daughter loves every one of the Fancy Nancy books. the artwork is top notch and the stories are fun. Plus, the vocabulary used is great and really is a cut above the average kiddie book. We have five or six of these in the series and all are entertaining.

I decided on books for my niece's birthday this year. She just turned 3 and has a love for books. I chose this one because it has a nice little story yet it is a level 1 reader. I have a feeling she will be an early reader and these types of books are just perfect for that. The book is a nice size she can hold it herself while it's being read to or you can grab it and go. It also had very nice pictures. Plus who

doesn't love Fancy Nancy she's one funny girl!

I work in a library shelving books. These Fancy Nancy books are real winners. I got this for my grandniece, who is three and a half. She loves tutus, and from my sister's description, she also loves this book. It was a great hit. These books are for young readers and for the adults who read them, too. There is plenty of wit in O'Connor's writing. Just be prepared to read them over and over again. This was a great buy!

Bought this for my 5 y/o who also loves tutus. It's a story that both kids and parents will like and relate to. Nancy has too much stuff, but wants more. My favorite part though is when Nancy wants the same thing her friend does, and decides to let her friend have it because she realizes she has so much already. It's a concept that's hard to teach kids so it was a really nice talking point.

This first reader book is better suited for a bit more advanced reader than level one, but it is a great book for learning vocabulary and the value of sharing. The pictures are beautiful and intricate. The tutus are reminiscent of all my young granddaughters' wardrobes, so they love this story. Great for reading together with an adult!

My granddaughter loved this one as she has too many tutus too. We read this on my Kindle Fire. She has other Fancy Nancy books and we will probably get some more to read on my Kindle. I love how she shares her points with a friend who didn't have enough. So it teaches sharing as well as trading in your old for something new.

We have had Fancy Nancy around our home for several years and I never tire of reading them to my children. They love trying out new words. And Fancy Nancy always has a good lesson for everyone to learn. Great books! We will keep them for years!
